6. Administrative Update (Mr. Herlihy):

Mr. Herlihy provided the members with a copy of the new fees for licensure that became

effective on July 1, 2015.

Mr. Herlihy informed members that he had implemented a Board of Medical Practice Fair and Impartial Policing policy, to meet a new requirement for agencies that employ certified law enforcement officers. The policy covers issues such as a prohibition on treating people differently based upon race, ethnicity, or other personal criteria. It is based upon the Attorney General's model policy.

Mr. Herlihy provided an update on the meeting held with VPHP in May, that was attended by himself, Mr. Hoser, Dr. Plavin, Mr. Evans and Dr. King. Attending for VPHP were Suzie Parker, MD, John Valentine, MD, Madeleine Mongan, and Colleen Magnee. The meeting focused on a review of the contract that describes the goals and "deliverables" of the program, and how those are being fulfilled. One outcome of the meeting with VPHP was that after the May meeting VPHP provided an annual report on 2014 activities, in accordance with the contract. In response to a summary of the outreach activities presented in the VPHP report, Board members expressed an interest in having more outreach to licensees. . Mr. Herlihy's summary of the the annual report and covered the following: VPHP has served the medical licensee community for 14 years; in 2014 , there were 13 intake evaluations and 3 resulted in contracts; there were 8 referrals to VPHP and 4 other referrals, either self or transfers from other state programs; there were 14 licensees under contract; 2 licensees completed the program; there were 0 failures, 0 refusals and 0 reported relapses. Mr. Herlihy will request additional outreach efforts on behalf of the Board.

Mr. Herlihy noted that the Vermont Department of Health recently established Rules for the use of Opioids in the Treatment of Chronic Pain, which largely reflect the Board's policy. The rules have been approved by the legislative committee that reviews Administrative Rules and will go into effect August 1, 2015. There will be coordinated efforts with VPMS to get information out.

The motion passed; opposed: none; recused: none; abstained: none.

In open session there was discussion of general policy considerations that would apply to cases initiated in response to physicians completing license renewal and certifying completion of the census survey, when in fact they had not done the survey. Mr. Herlihy explained that the Board was provided a list of physicians who had renewed without completing the survey, and that there were three emails sent in November, January, and February asking the licensees who had not completed the survey to do so and informing them that failure to do so could lead to an investigation. Some members expressed concern over whether a licensee should be investigated for potential unprofessional conduct if the survey is not completed during the renewal. One member opined that the system should not allow a physician to complete renewal unless the survey is completed. It was explained that at the time of the last renewal that was not feasible. Another concern raised was the risk of perception that the Board is not “licensee friendly.”

Ms. Hunter made a motion at 1:38 p.m. to return to Executive Session to continue to discuss confidential matters related to investigations. Dr. Bernstein seconded the motion. The motion passed: opposed: none; abstained: none; recused: none.
